👤 CAREER PROFILE

Since 1998, when I started my computer education, I am fascinated by the programming of websites. My focus has always been on active websites. I started Serverprogramming with PERL and since 5 Years i work with PHP. Just now from October 2017 till March 2018, i absolve a further education with HTML5, CSS3, JavaScript (jQuery, AJAX), PHP and Typo3. My knowledge is up to date.
